ABOUT ME

Skilled in developing scalable applications and microservices with expertise in NestJS, Fastify, Laravel, and Node.js. Proficient in backend development, database management (MySQL, PostgreSQL), and cloud infrastructure, with hands-on experience in Oracle Cloud and AWS. Adept at designing robust systems using RabbitMQ for message brokering and implementing authentication solutions like Supabase and JWT. Experienced in Terraform for infrastructure as code and implementing load balancing strategies. Strong focus on delivering high-performance applications with efficient queue systems and price history tracking. Passionate about DevOps practices and optimizing deployment pipelines for seamless delivery.

WORK EXPERIENCE

Senior Backend Engineer

WeUno Technologies [20/02/2024 – Current]

City: Karachi | Country: Pakistan

- Collaborated with stakeholders to define project requirements.
- Designed and implemented microservices architecture for scalable systems.
- Led the development of web applications using TypeScript, and Nest.js.
- Mentored junior developers and conducted code reviews to ensure high-quality standards.
- Integrated third-party APIs and services to enhance application functionality and user experience.
- Optimized database queries and performed data modeling to improve system performance and data integrity.

Software Engineer

Icommunix, PVT. LTD [30/05/2022 – 01/02/2024]

City: Lahore | Country: Pakistan

- Lead the development of Omni Dashboard
- Engaged on frontend and backend development.
- Leveraged Amazon Connect and various AWS services to enhance to improve product development and functionality

Junior Software Engineer

PhpLift [01/06/2020 – 04/2022]

City: Karachi | Country: Pakistan

- Spearheaded the pre-testing phase of development by evaluating proposals, identifying potential issues.
- Modified and enhanced existing software and applications within specified timeframes and quality standards.

PROJECTS

Libraro.io

- Developed a secure social platform, Libraro.io, connecting book authors, readers and publishers
- Utilized AWS and its services to create the platform
- Implemented blockchain technology to ensure safety for authors
- Collaborated with a team to continuously enhance and update the platform

Vellum GPT

- Spearheaded the development of VellumGPT, a RAG-based chat application designed to streamline access to documentation and information for real-estate professionals in the UK
- Implemented a system that provided references to documents and various types of information within a centralized platform

- Engineered backend functionalities to optimize user experience and efficiency within the app
- Collaborated with cross-functional teams to ensure seamless integration of features and updates for enhanced usability

OMNI Dashboard

- Developed a comprehensive dashboard management system to display historical and real-time agent statistics in a call center environment
- Utilized multiple widgets and data sources to effectively represent data
- Integrated Amazon Connect and extended functionality to Omniengage
- Solely responsible for the development and successful implementation of a live release for two customers

CDR Classifier

- Collaborated with the Federal Investigation Agency to develop an application utilizing call data records of suspects
- Utilized data analysis to examine suspect behavior, active time, and call locations mapped on a Here Map interface
- Implemented project as part of a group effort, delivering a successful deployment for FIA use

COMMUNICATION AND INTERPERSONAL SKILLS

Soft Skills

Adaptability | Problem-Solving | Attention to Detail | Time Management | Effective Communication

PROGRAMMING SKILLS

Languages

TypeScript | JavaScript | Python

Databases

MySQL | Postgres | MongoDB | DynamoDB | Cassandra

Cloud Infrastructure

Amazon EC2 | Amazon RDS | AWS ECS | AWS EKS | Amazon SQS

AWS Lambdas | Load Balancers | ELB | Amazon Connect

EDUCATION AND TRAINING

BSc Computer Science

UET Lahore [01/09/2018 – 25/05/2022]

City: Lahore | Country: Pakistan

LANGUAGE SKILLS

Mother tongue(s): Sindhi

Other language(s):

English
